

# MP-352.4

## 4-Stroke water pump

Powerful, solid and quiet 4-Stroke engine with few emissions. Ideal for watering gardens and other landscapes where no electric power is available.

### Technical specifications

Fuel tank capacity	0.65 l	Net weight	7,5 kg
Max pumping capacity	130.0 l/min	Max suction lift	8.0 m
Displacement	33.5 cm <sup>3</sup>	Max delivery height	45.0 m

- Powerful 4-Stroke-Engine
- Runback protection at suction part
- Mounting plate with vibration damping
- Easy accessible spark plug, oil and fuel openings
- Throttle for easy adjustment of flow-rate
- Filler neck for priming
- Bow-type handle
- Drain screw for easy draining - avoids oxidation
